April 23, 1957

Dear Mac,

Both here at Headquarters and also from some of the contractors we have had a request to extend the date of April 26 for submission of texts and photographs for a documentary. Accordingly, should you feel that you need more time or that material from overseas has not yet come to you, please don't hesitate to take until May 17 before submitting this material to me.

I am planning to go to the Far East within the next week or two and may be back through Los Angeles, in which case I will give you a ring first and hope that we may be able to get together.

Very sincerely yours,

[redacted] 25X1
